

2013 CANADIAN TEAM SPORTS

SPALDING
TRUE TO THE GAME™

Spalding® is in the game for keeps. Dedicated to the sport—to the pure passion of it—nothing but our total commitment ever hits the courts and fields of play. No compromises. No flash. No hype. Just honest passion for pure play. Serious athletes know that nobody else is inside their game, or changing it with the newest technology available. Nobody but Spalding.

Laminated Basketball Construction

A type of basketball where panels of leather or composite leather are affixed onto a rubber carcass. Laminated construction is typically associated with higher end, more durable basketballs.

1 Bladder

- Inner part of the ball that holds air (maintains pressure)

2 Windings

- Adds integrity and durability to the ball (keeps ball round)

3 Carcass

- Provides structure for the inner components

4 Cover

- Provides the grip, feel, and aesthetic appeal

SPALDING

Spalding Football Heritage

Spalding developed and manufactured the very first American football. Each ball was made from the finest quality leather and featured rawhide lacing. Ever since A.G. Spalding's invention, each ball was guaranteed to be "perfect in material and workmanship and correct in shape and size."
